GREAT CUSTOMER EXPERIENCES CREATE GREAT BUSINESSES

Do your customers love doing business with you?

Did you know that the most successful businesses have one thing in common? Their customers love doing business with them. These great companies learned a secret: businesses with a relentless focus on delivering outstanding customer experiences, are rewarded with customers who willingly drive your brand with free word-of-mouth advertising, share their experiences with others, post amazing 5-star reviews, and refer more prospects, all of which drives more business.

For over a decade, LoyaltyLoop has been helping printers unlock the power of customer loyalty to boost their brand and bottom line, while also boosting their Google reviews. We can help you too.

LoyaltyLoop is an affordable monthly subscription service that uses short surveys to engage your customers soon after they complete a transaction, and automatically asks them for feedback, reviews, leads and referrals. It even intercepts negative feedback so you can act quickly to correct issues. The process is fully automated when using one of our integrations.

GET AUTOMATED FEEDBACK & REVIEWS

You'll be amazed at how easy, effective and affordable it is. Check out LoyaltyLoop today!

NPSOA Members get 50% off their first 3 full months of LoyaltyLoop Promoter plan monthly subscription

UV COATING, FOIL, LAMINATION & MACHINE DISCOUNTS

***5% on all new machines, UV Coaters and Digital Spot Foiling/Lamination Units**

***10% on all supplies**

***10% on all Formax Equipment**

5% off any new machine orders until Dec 31, 2023 and receive 10% off supplies for one year.

Mike's Graphic Service & Supply LLC. can supply & service your company with all your UV Coating, spot Foil and lamination needs. We work closely with Tec Lighting, Ricoh, Konica Minolta, Canon, Xerox, Rollem, and a few other large companies.

Tec Lighting UV Coaters come in a wide variety of sizes. We have "The Mega Coat XL series which consist of 63" & 50" which both can be hand fed or roll to roll. The TRU series starts off with our 14" which is a hand feed model only and our 16", 21" & 30" models can be hand fed, with a deep pile feeder & stacker or even in line with almost every digital printer.

The Digifoiler™ comes in 2 different sizes which is a 15" and 21" and those can be hand fed or set up as an auto feed system. The Digifoiler™ is a spot foiling (Sleeking™) is an on-demand foil stamping solution for short-run digital applications. Besides the Sleeking™ these systems can also do traditional lamination using gloss, matte or soft touch.

Formax® is an industry leader in the design, manufacturing and distribution of pressure sealers, digital print finishing solutions, folder inserter and data destruction equipment.

NPSOA CONFERENCE

Put Your Printing Company on the Fast Track to Growth!
Learn and Earn! Attend the NPSOA Annual Conference!

NPSOA's annual conferences are designed by your peers in the printing industry to be informational, educational, and entertaining. Attendees generate new relationships, strengthen bonds with fellow print & sign shop owners, and learn new ways to make a positive impact on their bottom line.

Each year, NPSOA holds these conferences in major cities across the United States where print & sign shop owners learn new tactics to help their businesses prosper and can still have time to enjoy a night on the town after a long day.

Throughout the conference, attendees hear from experts in various topics of interest to print & sign shop owners. When the conference is over, all the material used by the guest speakers is available for reference after returning to your shops. You are free to reuse these materials for sales and operations.

“It is worth its weight in gold!”

**\$500 - \$1500+
in Savings!***

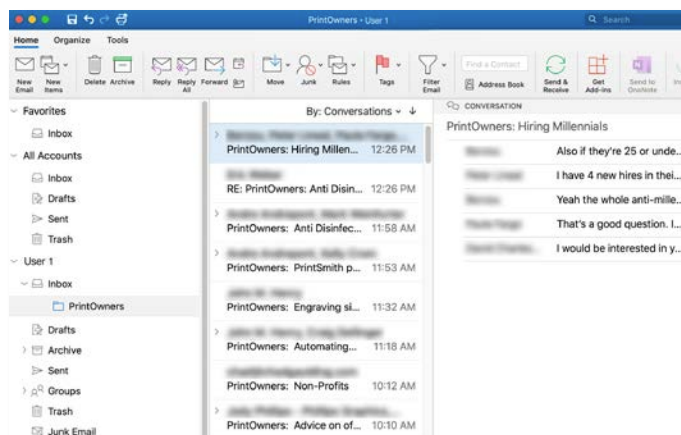

LISTSERV®

Where do you turn when you need answers to the challenges our industry faces from time to time? Most print shop owners agree that the most reliable answers are from business owners who have faced adversity head on and solved the challenge with a solution usually from another print shop owner. Or perhaps it is just a question about insurance, marketing, and production, where do you turn for these?

One of the most powerful tools used by members of the NPSOA is its Listserv. Why? It is an open online forum connecting members and building relationships. The Listserv also provides:

- On-demand expertise from other owners at the tap of a keyboard.
- Networking made easy. Build relationships!
- Connecting with people who have gone through similar issues.
- Promotes and builds your brand.
- Provides the pulse of our industry.
- Sending invitations, announcements, news, and event notifications.
- In-depth discussions.
- 24/7 convenience.
- Easy participation through email.
- Awareness of new products and services.
- Educational experiences.
- A common commitment to the printing and sign industries.
- Hop on / Hop off at any stage of the conversation.
- A free and open discussion format without annoying and gratuitous participants.
- Transparency. Nobody posts anonymously, which develops mutual respect.
- Geography is not an issue. Members on the East Coast can post and members on the West Coast can reply when convenient... and all the members in between.
- Search capabilities. When looking for a specific topic, seek and ye shall find!

In a recent survey of NPSOA members, *71% said they saved over \$500 from advice received on Listserv. Another 23% claimed a savings of over \$1,500. Not too shabby when considering this valuable resource to the low cost of NPSOA membership!

Rank the reason you are on the PrintOwners list.

When we look at the responses, we see that the single highest rated reason to be on the Print owners list is community and friendship by a significant margin (over 20%)

Did you find the list valuable during the Covid-19 pandemic with best practices, PPP information and EIDL discussions?

Check out what your peers have said about NPSOA's Listserv:

"It is worth its weight in gold!!!!!!!"

"It's a source for constant learning."

"Info on PPP"

"Best practices. methods and procedures. Software reviews. Production advice / how to tips and ideas. To learn from my peers."

"Wisdom from hundreds of print owners."

"Insight on new trends and best practices; best sources for services, software and subcontractors; a huge resource to answer almost any question about the printing business"

"Best Place to get all my questions answered"

"Association with those in the same boat and the related experience and information that is shared"

"Overcoming business challenges"

"Good mentorship"

"Business guidance"

"Having an advisor for our employees with their 401 (k) plan has been very helpful. Our staff has met with Jeff and the team at Plan2Retire to assist with making investment decisions. The NPSOA Retirement Plan has provided our company with a turnkey program."

Randy Herron, Herron Printing & Graphics, Gaithersburg MD

"Moving our retirement plan over to Plan2Retire was not only easy and saved us money it also has become beneficial to our employees. Unlike our previous provider, Jeff has been very helpful and accessible in discussing financial situations, expenditures, goals and ideas not only with myself but any employee whenever we need them."

Nathaniel Grant, GAM Graphics And Marketing, Sterling VA

"Plan2Retire was able to review our current 401 (K) and determine we could see significant cost savings as well as begin a process to continuously review our investments. Also, Jeff and his team are available to provide financial guidance to our employees."

Barry Martin, Copyquick, Hagerstown MD

A man in a red and black plaid shirt is pointing at a laptop screen. A woman with blonde hair is looking at the screen. The laptop displays a dashboard with various charts and graphs. In the background, there is another monitor showing a similar dashboard. The scene is set in a bright office with large windows.**\$450 Savings!**

Accounting | Touchscreen Data Collection | Best Suited for Medium to Large Shops

MyOrderDesk — **WEB-TO-PRINT AND ONLINE PORTALS** Web-to-Print Storefront

Integrating with Printer's Plan and Midnight, MyOrderDesk is the chosen cloud-based software solution for printers. Customers quickly order products, upload/proof files and submit reorders from the shop's customized website.

“Just wanted to send you a quick note to thank you for the tremendous work you did for my companies. Our health care costs were out of control and we were faced with having to cut benefits. After being introduced to you and your company, you were able to save us over \$50,000 per year in premiums. WOW! I'm still in shock. I thank you and all of my employees who received a \$1926.00 raise by having less taken out of each check thanks you too. Happy New Year to both of us.”

–Kevin H.

When it comes to your employee benefits... NOT all brokers are the same.

As an employer, you may assume all brokers have access to the same products and rates and, therefore, can't bring anything more, new, or different to the table. This is simply not the case!

It is true that most benefit brokers have access to the products that are on the Fully funded market; products that are all guaranteed issue and have fixed rates, but that's where the similarity stops. That's why you owe it to yourself, and to your company to look for a broker who:

- will show you any/all products available in the self-funded market, the largest growing market for small employers in the US.
- has taken the time to learn about alternative funding mechanisms that can be used to lower healthcare costs.
- takes the time to shop out the ancillary products (group dental, vision, life, disability, etc.) to find you the best products.
- offers a FREE portal for online enrollment - the

benefits of online enrollment include:

- A streamlined new hire process (easier on your HR team)
- The ability for new employees to compare and choose products, and complete the application online, typically in just a few minutes time (easier on the new hire)

At SBIS, we have been in business for 30 years! We partner with our clients and recognize the value in those partnerships. That's why, as your partner, not only will we provide all the above services, but we will also:

- act on your behalf, negotiating rates as much as possible.
- represent you, not the insurance company.

Did You Know that a United self-funded plan costs up to 35% LESS than the exact same plan on the traditional market?? Did you know that United, Aetna, Cigna all offer self-funded plans? Most don't know that because their brokers would rather you just renew as is, instead of doing the extra work to move a client to a self-funded plan. The Insurance companies have better control over their profits with these plans and would rather write your business in the self-funded market!

Bill Schmidt, Self Insured Specialist
Chair, Loudoun Free Clinic
Small Business Insurance Solutions, Inc.
703.939.9108 (Direct) | 703.726.0753 (Fax)
bill@sbisonline.com
18557 Sandpiper Place | Leesburg, VA 20176

So, if your broker is not providing this level of service... please contact me to schedule a no obligation meeting. I'd be happy to learn how I can best help, and then design the employee benefits plan that will really work for you, your employees, and your business.
